*HBH Mission....* Hiawatha Behavioral Health partners with consumers and community groups to support a quality life for individuals with severe mental/emotional illness, developmental disabilities and those experiencing a crisis, by facilitating resilience, recovery, independence, and optimal health.

### *Focusing Our Services...*

At Hiawatha Behavioral Health, we are focused on serving our neighbors who need us most, regardless of their ability to pay for services. Our agency mandate is providing services and aiding in the recovery of adults and children who are developmentally disabled and/or have significant mental/emotional conditions such as:

- \* Schizophrenia
- \* Bipolar Disorder
- \* Severe Major Depression
- \* Developmental Disabilities
- \* People in Crisis

Priority is given to individuals with the most severe forms of serious mental illness, serious emotional disturbance, and developmental disability. Hiawatha Behavioral Health also serves people with State of Michigan benefit plans such as the Adult Benefit Waiver and MICHild.

### *Reaching Out for Help...*

It takes a strong person to seek the help they need and to follow through on it. The first step is always the hardest step to take. Most people feel some relief just by making that first phone call.

At Hiawatha Behavioral Health, we have caring staff that will listen to your concerns. We do our best to help you get connected to services that meet your needs...At Hiawatha Behavioral Health, or in the community. With proper support and treatment, you can gain a new quality of life.

### *Customer Services...*

If you need assistance, information, or have a concern, please call your local Hiawatha Behavioral Health Office and ask to speak with a customer services representative. We will be glad to help.

### *Interpreters Upon Request...*

If someone you know is in need of services that does not speak English or is hearing impaired, we can help. Interpreters are available free of charge.

### *You, Your Family & The Community...*

At Hiawatha Behavioral Health, we are most effective when our consumers take an active part in their treatment. This is why we use a process called Person-Centered Planning. Our consumers guide us in creating a treatment plan that reflects their unique goals.

Family and community also play important roles in helping loved ones and neighbors manage their illness or disability. Hiawatha Behavioral Health strongly encourages family and community support because it is proven to aid in recovery and increase quality of life.
